Important information

1. Investment options

You can switch investment options as many times as you like each financial year without cost. If you do not indicate a change to your investment options in the table on the next page for either your current balance or future contributions we will take that to mean that you wish to continue with the option(s) you currently have recorded on your account. If you have not previously indicated a preference, your balance or contributions are invested in the MySuper option, and will remain invested in that option unless you indicate to change it on this form.

2. Effective switch date

If your valid request is received before 3pm (AEST) on a business day it will take effect on the same business day. Any requests received after 3pm (AEST) will take effect on the following business day. Your investment switch will, in most cases, be reflected on your account within 2 working days after we receive your application.

A business day is defined as a day between Monday and Friday which is not an Australian national public holiday. Only one investment switch will be accepted for an account on any given day. See the *Investment and fees guide* for more details.

3. Personal information

Brighter Super respects your privacy. All personal information collected on this form is protected in line with *Brighter Super's Privacy Policy*. To find out more about how we collect and manage your personal information, please refer to our *Privacy Policy* available from our website brightersuper.com.au.
